Erasmus-Fit for job in Latvia

Made by: Eleonora Mazzanti, Amanda Ļoļāne

First day in Latvia. 04.04.2016.

- I went to school and when I saw it, I could not believe it would be so beautiful. It's very different from Italy because we don't change classes.

Old Riga

- I saw various buildings in the old part of this amazing city. I love S.Peter's Church because of the windows and the tower.

Going to Jūrmala. (Seaside)

- I went to Jūrmala with the other guys and it was very cold and windy. I enjoyed the landscape and the entire afternoon because we were all together. We ate pizza but it wasn't so good as in Italy.

Second day in Latvia. 05.04.2016

- I went to the University of Latvia. I attended geography class with other students. It was boring because the teacher spoke only latvian. University was very beautiful and huge: there were all conforts and areas for studying peacefully.

Cultural evening

- I've learned many things about Latvia and Germany.

- Our presentation wasn't very good for me but we've saved it with dinner. We cooked a tipical italian dish: carbonara. Everyone enjoyed it.

- I ate latvian and german dishes

Third day in Latvia. 06.04.2016

- I went to Latvian State Forest Research Institute ''Silava''.

- It was very interesting, we went to labs and I ate a candy made of needles.

National Botanic Garden of Lativa in Salaspils

- I went to National Botanic Garden and I saw many flowers and plants that also we have in Italy. I really enjoyed the activity we've made in groups and searching various plants around the huge garden.

Doles Island Daugavas Museum

- I went to the museum and I've learned things about ancient citizens of this country. I saw
